Studying John: Approaches to the Fourth Gospel

John Ashton

Studying John: Approaches to the Fourth Gospel John Ashton
Is historical criticism of the New Testament dead? In this telling collection of eight new studies on John's Gospel, the author of the acclaimed *Understanding the Fourth Gospel* argues that this is very far from the case. Challenging the assumptions of methodologies that ignore the historical context in which the Gospel was composed, Ashton offers a spirited defense of historical criticism and provides practical demonstrations of the many new insights that it can still yield.

The first two chapters treat in greater depth two key themes (the Prologue of John and the Jews) which appeared in the author's earlier work. A third chapter supplements and corrects this larger work. The rest of the book explores further facets of the Gospel, and at the same time exposes some of the serious theoretical weaknesses in much recent writing on the Gospel.
