King Mob: A Critical Hidden History David Wise
"The psycho-mythological legacy left behind by King Mob, nowadays often tied up with its assumed influence on Malcolm McLaren/the Pistols and Punk Rock (and via its wider Situationist context, Factory Records and the Hacienda) far outweighs the physical imprint they left behind in the form of six glued together copies of its often wildly and deliberately provocative publication, and the iconic graffiti left up around West London and beyond. From a radical working class perspective, Dave Wise (helped by brother Stuart and longtime collaborator Nick Brandt) gives a first hand account of the (loose) formation of King Mob after their core members were excluded from the Situationist International by the schism-happy Debord in 1967. 'A Critical History' celebrates their attempt to move 'from the Situationist salon into the street', whilst not shying away from identifying tactical, strategic and theoretical holes in the group's day-to-day actions, as seen by brothers Dave and Stuart.
