Fail: "Debunking Holocaust Denial Theories": How James and Lance Morcan botched their Attempt to Affirm the Historicity of the Nazi Genocide Carlo Mattogno

The novelists and movie-makers James and Lance Morcan have produced a book “to end [Holocaust] denial once and for all.” To do this, “no stone was left unturned” to verify historical assertions by presenting “a wide array of sources” meant “to shut down the debate deniers wish to create. One by one, the various arguments Holocaust deniers use to try to discredit wartime records are carefully scrutinized and then systematically disproven.” They headlined the book *Debunking Holocaust Denial Theories*.

Drumroll! Fanfare!

Unfortunately, it’s a grand feint, and the present study proves it. First, the Morcans did not address revisionist arguments at all. In fact, they completely ignored the vast amount of recent scholarly studies published by revisionists; they didn’t even identify them. Instead, they engaged in shadowboxing, creating some imaginary, bogus “revisionist” scarecrow – a mélange of distorted or completely invented alleged “denier” arguments – which they then tore to pieces. In addition, their knowledge even of their own side’s source material was dismal, and the way they backed up their misleading or false claims was pitifully inadequate.

F for FAIL.
