General Carl von Clausewitz

Von Clausewitz, On War General Carl von Clausewitz
First published by Routledge & Kegan Paul 1968.
Carl von Clausewitz (1780-1831) was a Prussian General and military writer.
His writings are contained in nine volumes, published posthumously, but his fame rests most upon these three volumes, forming his treatise *On War*. It reveals war, stripped of all accessories, as the exercise of force for the attainment of a political object, unrestrained by any law save that of expediency, this gives the key to the interpretation of German political aims, past, present and future.
