The Office of Naval Intelligence recruits a young petty officer named Rigney Page to hunt down and discover the identity of a sailor who has turned traitor.

Clues regarding the identity of the traitor, codename Python, lead ONI to assign Petty Officer Page to a U.S. Navy cruiser departing for patrol in the Mediterranean. While onboard the cruiser, Page closes in on Python. Page also discovers that the real navy is not the same navy portrayed in recruiting posters.

Python senses that he has been discovered and engages in desperate actions to escape capture and probable assassination.
