Win Every Spin! Turn $256 dollars into thousands! The book will show you step by step how to increase your chance of winning while managing your risk. According to public information, there are over 35 million people who visit Las Vegas. About 13% say they visit to gamble. But in actuality, about 87% end up gambling on a slot and/or a table game. For those who tried roulette the first time, I'm sure they never heard of the 2.70% and 5.26% house edge. Enjoy the game and make money doing it. Understand the notorious house edge to mitigate or limit your loss. The good news is that there is hope. Although you have no control of the house edge, you have absolute dominion over your play time, how much you want to win, and managing risk. Combine that with a good understanding of the risk of playing roulette and having a betting strategy and you've got yourself a practical plan that when applied with a little personal discipline may improve your chances to come home with a few hundred dollars to a few thousands of dollars. It will require a little practice but in a short period of time you will see the results.
