Street Crazy : America's Mental Health Tragedy Stephen B. Seager
STREET CRAZY recounts one psychiatrist's experience with the mentally ill, who have often become homeless because of their disease. Using clear, straight-forward language, Dr. Stephen B. Seager explains brain disease, tells the often disturbing history of the mentally ill, and shows how, through a series of well-meaning legal mishaps, our most vulnerable citizens have been abandoned to the streets. By following Dr. Seager as he unravels the mystery behind John Doe, a sick young man brought to the hospital by the police, the reader will come to understand the degradation and suffering of the chronically mentally ill and their families, as well as the frustration and confusion experienced by those most intimately involved with caring for the homeless mentally ill. Finally, the author suggests some real action that we, as U.S. citizens, can take to solve this morally untenable but seemingly insurmountable dilemma.
