Abortion: The Ultimate Exploitation of Women Brian Fisher
Do men have a stake in the abortion debate? Modern culture says no but author Brian Fisher shows why men are very much an interested party. Men led the campaign to legalize abortion--harming and exploiting women in the process. Now, he says, men must lead the effort to end the exploitation by ending abortion. And he presents a plan to do so. This revised and expanded second edition presents a more complete picture of how men target and exploit women globally, how this oppression is deeply connected to abortion, and how men can be, are, and should be a part of the solution.
