Sandra McFall Angelo

So You Thought You Couldn't Draw: For People Who Can't Even Draw a Straight Line Sandra McFall Angelo
Now in a new, 60-day journal format, this program introduces a super-simple, four-step process that teaches aspiring artists how to develop drawing skills in as little as two months. In a humorous, down-to-earth tone, the innovative system breaks down complex classical concepts and leads novices through basic elements of drawing such as line, shape, value, and texture. Building both confidence and skill as they work their way through the exercises, students learn how to see shapes, lines, and contour, in addition to how to shade, create texture gradation, and draw from photographs. An accompanying DVD demonstrates the presented techniques.
