Gaze Interaction and Applications of Eye Tracking: Advances in Assistive Technologies Päivi Majaranta, Hirotaka Aoki, Mick Donegan, Dan Witzner Hansen, John Paulin Hansen, Aulikki Hyrskykari, Kari-Jouko Räihä

Recent advances in eye tracking technology will allow for a proliferation of new applications. Improvements in interactive methods using eye movement and gaze control could result in faster and more efficient human computer interfaces, benefitting users with and without disabilities.

Gaze Interaction and Applications of Eye Tracking: Advances in Assistive Technologies focuses on interactive communication and control tools based on gaze tracking, including eye typing, computer control, and gaming, with special attention to assistive technologies. For researchers and practitioners interested in the applied use of gaze tracking, the book offers instructions for building a basic eye tracker from off-the-shelf components, gives practical hints on building interactive applications, presents smooth and efficient interaction techniques, and summarizes the results of effective research on cutting edge gaze interaction applications.

From reader reviews:

Joshua Phipps:

Do you have favorite book? Should you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each guide has different aim or goal; it means that book has different type. Some people sense enjoy to spend their time for you to read a book. They may be reading whatever they have because their hobby is usually reading a book. Consider the person who don't like reading through a book? Sometime, particular person feel need book whenever they found difficult problem or perhaps exercise. Well, probably you'll have this Gaze Interaction and Applications of Eye Tracking: Advances in Assistive Technologies.

Gary Lafountain:

Spent a free time and energy to be fun activity to try and do! A lot of people spent their free time with their family, or their friends. Usually they undertaking activity like watching television, about to beach, or picnic within the park. They actually doing same thing every week. Do you feel it? Do you want to something different to fill your current free time/ holiday? Can be reading a book may be option to fill your no cost time/ holiday. The first thing you ask may be what kinds of book that you should read. If you want to test look for book, may be the e-book untitled Gaze Interaction and Applications of Eye Tracking: Advances in Assistive Technologies can be excellent book to read. May be it can be best activity to you.

Terry Crabtree:

Playing with family in a very park, coming to see the coastal world or hanging out with buddies is thing that usually you might have done when you have spare time, in that case why you don't try thing that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love Gaze Interaction and Applications of Eye Tracking: Advances in Assistive Technologies, you are able to enjoy both. It is very good combination right, you still wish to miss it? What kind of hangout type is it? Oh can occur its mind hangout people. What? Still don't have it, oh come on its named reading friends.

Jeremy Turner:

Reading a book being new life style in this calendar year; every people loves to learn a book. When you learn a book you can get a lot of benefit. When you read books, you can improve your knowledge, since book has a lot of information upon it. The information that you will get depend on what kinds of book that you have read. If you need to get information about your examine, you can read education books, but if you want to entertain yourself read a fiction books, this kind of us novel, comics, along with soon. The Gaze Interaction and Applications of Eye Tracking: Advances in Assistive Technologies will give you new experience in looking at a book.
