Commentary on the European Insolvency Regulation

Commentary on the European Insolvency Regulation
This book provides the most detailed article-by-article commentary on the revised EC Regulation on Insolvency Proceedings (EIR), written by a group of experts drawn from several jurisdictions. The commentary is prefaced by an introductory chapter which provides an overview on scope and the key features of the EIR.

This new commentary has been published in time to cover the long-awaited and much-debated revised Regulation which was finalized in 2015. The timing of publication will enable practitioners and scholars to equip themselves with a thorough understanding of the EIR ahead of full implementation in 2017.

The article-by-article analysis has a multi-jurisdictional focus which reports and evaluates significant developments in the application of the Regulation across member states. This is a key new work for all those who advise on or research European insolvency law.
