Part of the Grief Diaries series dedicated to offering comfort, company and hope in the aftermath of life's challenges and losses, *Grief Diaries: Loss of Health* is a collection of intimate and candid narrations from different writers about their journey through managing a health issue that impacts everyday life. In chapter one, each writer bravely penned the beginning of their health issues. The writers were then presented with intimate questions pertaining to their journey, and their responses are compiled within the individual chapters. These narrations are unabridged, as every voice is unique. But no matter the differences, the stories contained in each Grief Diaries book is a treasured reminder that none of us walk the journey alone. Welcome to the Grief Diaries village, where loss transcends all differences and unites us in the aftermath. Welcome, bereaved friend, to company, comfort and hope.
