Microsoft® ADO.NET (Core Reference) (Developer Reference)

David Sceppa

Microsoft® ADO.NET (Core Reference) (Developer Reference) David Sceppa

Microsoft ActiveX® Data Objects .NET (ADO.NET) is a set of libraries included with the Microsoft .NET Framework that helps you communicate with data from .NET-based applications—including XML data. Discover how to access, sort, and manipulate data in Web-enabled enterprise applications with this book. You'll get expert guidance and insider tips from a leading database and ADO authority about how to write, test, and debug database code with the tools and wizards in Visual Studio .NET. You'll also learn about the improved ADO.NET object model, its XML features for Web extensibility, its enhanced integration with Microsoft SQL Server™ 2000, and more.

Topics covered in this guide include:

- Overview of ADO.NET
- Building applications with the Data Form Wizard
- Connecting to your database
- Querying your database
- Working with DataAdapters
- Storing data in DataSets
- Filtering and searching data in DataSets
- Working with relational data
- Submitting updates to your database
- Advanced updating scenarios
- Using strongly typed DataSets
- Interacting with XML data
- Building effective Windows® database applications
- Building effective Web database applications

INCLUDED ON CD-ROM:

- A fully searchable electronic copy of the book
- Sample code in C# and Microsoft Visual Basic® .NET (also available from the link on this page)

A Note Regarding the CD or DVD

The print version of this book ships with a CD or DVD. For those customers purchasing one of the digital formats in which this book is available, we are pleased to offer the CD/DVD content as a free download via O'Reilly Media's Digital Distribution services. To download this content, please visit O'Reilly's web site, search for the title of this book to find its catalog page, and click on the link below the cover image (Examples, Companion Content, or Practice Files). Note that while we provide as much of the media content as we are able via free download, we are sometimes limited by licensing restrictions. Please direct any questions or concerns to booktech@oreilly.com.
