Mysteries of the Gods: Ancient Aliens Throughout Mankind's History Robert Charroux
In "Mysteries of the Gods: Ancient Aliens Throughout Mankind's History," renowned French scientist Robert Charroux (who worked as an expert consultant - with William Shatner and Erich von Daniken - on the 1970s documentary, "Mysteries of the Gods") asks the pertinent question: "What really happened in our past?"

Is our civilization only beginning to attain the level of another civilization that existed on Earth hundreds of thousands of years ago?

Is there a conspiracy to withhold knowledge bequeathed to us by our superior ancestors - truths that must be kept hidden for the "good" of mankind? Are our familiar occult doctrines only fragmentary, distorted reflections of that knowledge?

Do ancient Hindu writings record the story of an atomic war? Is modern science rapidly approaching the ancient knowledge that will lead to the same sort of catastrophe? Is a breakaway civilization leading us down the road to destruction, or salvation?

Charroux thinks the time has come for the human race to break through the ancient veil of secrecy, and discover the truth about itself.
