World War II Trucks and Tanks John Norris

A must-have book for any military vehicle enthusiast, detailing more than 100 classic military vehicles from U.S., UK, Russian, and German forces

Many thousands of different types of vehicles were used by the armies during World War II for various roles, including the fighting vehicles such as armored cars and tanks. Today these are very popular with enthusiasts who restore the historic vehicles to their pristine state and attend specialist gatherings. This book introduces some of the better-known examples of these preserved vehicles as well as some of those which are not so well known. This range includes trucks to keep the armies supplied, ambulances, motorcycles, armored cars, and of course the impressive range of tanks from the smallest to some of the largest. Some vehicles are so rare that examples have been re-created using original designs and, together with the original vehicles, their history is told in this book. From jeeps to tanks, landrovers to ambulances, this is the perfect book for re-creating, restoring, and exploring the history of these vehicles that were vital to the war effort. Schematic diagrams, fact boxes, and stat charts offer a wealth of technical information.

From reader reviews:

Raymond Littlefield:

The e-book with title World War II Trucks and Tanks includes a lot of information that you can understand it. You can get a lot of profit after read this book. This kind of book exist new knowledge the information that exist in this guide represented the condition of the world currently. That is important to yo7u to learn how the improvement of the world. This book will bring you within new era of the syndication. You can read the e-book on the smart phone, so you can read that anywhere you want.

Amanda Doss:

Exactly why? Because this World War II Trucks and Tanks is an unordinary book that the inside of the publication waiting for you to snap this but latter it will distress you with the secret the item inside. Reading this book beside it was fantastic author who have write the book in such wonderful way makes the content on the inside easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you for not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of positive aspects than the other book include such as help improving your skill and your critical thinking technique. So , still want to delay having that book? If I ended up you I will go to the guide store hurriedly.

Jonathan Carney:

Is it anyone who having spare time and then spend it whole day through watching television programs or just telling lies on the bed? Do you need something totally new? This World War II Trucks and Tanks can be the reply, oh how comes? A book you know. You are consequently out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these ebooks have than the others?

Ana Smith:

That e-book can make you to feel relax. That book World War II Trucks and Tanks was vibrant and of course has pictures on the website. As we know that book World War II Trucks and Tanks has many kinds or style. Start from kids until youngsters. For example Naruto or Detective Conan you can read and believe you are the character on there. Therefore not at all of book usually are make you bored, any it offers up you feel happy, fun and unwind. Try to choose the best book for you and try to like reading that.
