Federal Aviation Administration
This series of test preparation guides for pilots covers the Federal Aviation Administration (FAA) exams for applicants seeking licensing by the FAA. The FAA publishes a question database on the Internet to help applicants prepare for the exams, but they do not supply the correct answers. This series is fashioned to aid the applicant in studying for an exam by providing answers and explanations for every question in the FAA exam database. Designed to encourage self-testing and promote memory recall, these books arrange topics by subject category and are accompanied by specific study material for each category.
